Bling

## BLING

If contemporary is your style, Sleek Bling is sure to bowl you over. The highlight of the kitchen is the open element, with shelves made of slender 12 mm MDF, matt PU painted and chamfered edges to make a striking statement. The handles are colour-matched with the open element to create a design harmony. Bling boasts of European baskets and accessories, high-end soft-closing drawer systems and high-end appliances.

The coloured open element brings new life in the kitchen and makes it an enjoyable experience to work in the kitchen.
