Glossy

## GLOSSY

A kitchen which is as beautiful inside as it is outside, with the cabinets kept in the same colour as the open element. In short, this beautifully vibrant kitchen is anything but ordinary. With wall shutters in back-painted glorious glass and base shutters in PU finish with integrated handles, completes the sophisticated look. Fitted with high-end appliances and European baskets and accessories... it is the best you can get in mid-range kitchens.

Sleek Glossy is as classy as you want your kitchen to be, at a price which is just right.
